**INDEPENDENT AUDITOR'S REPORT**

Honorable Gilbert Gonzales, Mayor  
Members of the Board of Commissioners  
City of Raymondville, Texas

**Report on the Audit of the Financial Statements**

*Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Raymondville, Texas, as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the City of Raymondville, Texas' basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Raymondville, Texas, as of September 30, 2025, and the respective changes in financial position, and, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

*Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Raymondville, Texas and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

*Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the City of Raymondville, Texas's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

*Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Raymondville, Texas's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Raymondville, Texas's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information on pages 6-11, and 52-57 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Raymondville, Texas' basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 23, 2026, on our consideration of the City of Raymondville, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Raymondville, Texas' internal control over financial reporting and compliance.

# MANAGEMENT'S DISCUSSION AND ANALYSIS

**CITY OF RAYMONDVILLE, TEXAS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
SEPTEMBER 30, 2025**

Our discussion and analysis of the City of Raymondville's financial performance provides an overview of the City's financial activities for the fiscal year ended September 30, 2025. Please read it in conjunction with the City's basic financial statements.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of a series of financial statements. The government-wide financial statements include the Statement of Net Position and the Statement of Activities. These provide information about the activities of the City as a whole and represent a long-term view of the City's property, obligations, and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.

Fund financial statements report the City's operations in more detail than the government-wide statements by providing information about the City. For governmental activities, these statements tell how services were financed in the short-term, as well as what resources remain for future spending. They reflect the flow of current financial resources and the non-appropriated budget.

The notes to the financial statements provide narrative explanations or additional data needed for full disclosure in the government-wide statements of the fund financial statements.

**FINANCIAL HIGHLIGHTS**

*Governmental type funds*

- The governmental type assets of the City and deferred outflows exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$14,621,438 (net position). Of this amount \$7,071,249 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$887,341.
- As of the close of the current fiscal year, the City's governmental fund reported combined ending fund balances of \$5,776,351 a decrease of \$378,779 in comparison with the prior year. \$5,186,350 is available for spending at the City's discretion (unassigned fund balance).
- The business-type assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$10,020,899 (net position). Of this amount \$157,438 (unrestricted net position) may be used to meet the business-type activities obligations.
- The net position increased by \$1,254,884.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**September 30, 2025**

**REPORTING THE CITY AS A WHOLE**

*The Statement of Net Position and the Statement of Activities*

The analysis of the City's overall financial condition and operations begins on page 12. Its primary objective is to show whether the City is better off or worse off as a result of the year's activities. The Statement of Net Position includes all the City's assets and liabilities while the Statement of Activities includes all the income and expenses generated by the City's operations during the year. These apply the accrual basis of accounting, which is the same method used by most private sector companies.

All of the current year's income and expenses are taken into account regardless of when cash is received or paid. All the City's assets are reported whether they serve the current or future years. Liabilities are considered whether they must be paid in the current or future years.

These two statements report on the City's net position and changes in them. The City's net position (the difference between assets and liabilities) provides one measure of the City's financial health or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. To assess fully overall health of the City; however, you should consider nonfinancial factors as well, such as the condition of the City's facilities.

In the Statement of Net Position and the Statement of Activities, the City has two kinds of activities.

*Governmental Activities* – The City's basic services are reported here, including operating, maintenance and general. Ad valorem taxes, sales and franchise taxes, and user fees finance these activities.

*Business-Type Activities* – The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's water and sewer systems are reported here. User fees for water and sewer operations finance these activities.

**REPORTING THE CITY'S GOVERNMENTAL FUND**

*Governmental Fund* – The City reports its basic services in a governmental fund. This fund uses modified accrual accounting (a method that measures the receipt and disbursement of cash and all other financial assets that can be readily converted to cash), and they report balances that are available for future spending. The governmental fund statements provide a detailed short-term view of the City's general operations and the basic services it provides. We describe the differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in the notes to the basic financial statements.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**September 30, 2025**

*Business-Type Funds (Proprietary)* – When the City charges customers for the services it provides, these services are generally reported in the proprietary fund. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City's proprietary fund is the same as the business-type activities we reported in the government-wide statements but provide more detail and additional information, such as cash flows. The City reports its utility services in a business type fund. This fund uses the accrual basis of accounting.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Our analysis and tables below, focus on the net position and changes in net position of the City's governmental and business-type activities. Changes in net position over time may serve as a useful indicator of a government's financial health and condition.

The City's combined net position at September 30, 2025, increased from \$22,500,112 to \$24,642,337, an increase of \$2,142,225.

On September 30, 2025, the prior year's Net Position of the City's governmental activities of \$13,734,097, increased by \$887,341 to \$14,621,438 and included a \$6,960,189 net investment in capital assets, net of related debt, \$590,000 restricted for special purposes, and \$7,071,249 unrestricted. Unrestricted net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements was \$7,071,249 at the end of the year.

The net position of the City's business-type activities increased by \$1,254,884 to \$10,020,899 from the \$8,766,015 reported in the prior year. Net position includes \$5,829,383 net investment in capital assets net of related debt. Net position restricted for special purposes totaled \$4,034,079. Unrestricted net position at year end was \$157,438.

This change in net position was the net result of three factors. First, the City's revenues exceeded the expenditures and other resources by \$2,133,874. Second, the City's recognition of depreciation and amortization decreased the net position by \$829,306 (governmental activities) and \$565,837 (business-type activities). Third, the City increased its net position as a result of long-term debt principal payments in the amount of \$250,000.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**September 30, 2025**

**CAPITAL ASSET AND DEBT ADMINISTRATION**

*Capital Assets*

At September 30, 2025, the City had approximately \$23,694,945 (net of accumulated depreciation) invested in a broad range of capital assets, including land, structures and improvements and equipment.

This year major additions included:

- Buildings, improvements, and equipment: \$2,513,572.

*Debt*

At September 30, 2025, the City had approximately \$10,905,373 in bonded debt and capital lease outstanding versus approximately \$11,996,684 last year. \$250,000 of bond principal of general government debt was repaid and \$841,311 of bond principal of business type debt was repaid.

**ECONOMIC FACOTRS AND NEXT YEAR'S BUDGET AND RATES**

The City's elected and appointed officials considered many factors when setting the fiscal year 2026 budget. The City expects revenues to equal the expenditures in the government type activities and in the business type activities for the fiscal year 2026.

**CONTACTING THE CITY'S FINANCIAL MANAGEMENT**

The financial report is designed to provide our citizens, taxpayers, customers and investors, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have a question about this report or need additional financial information, contact the City Administration Office at 142 South 7<sup>th</sup> Street, Raymondville, Texas 78580.

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of Raymondville, Texas was incorporated on March 3, 1921. The City operates under a Commission-City Manager form of government and provides the following services as authorized by its charter: public safety (police and fire), highways and streets, sanitation, culture-recreation, public improvements, planning and zoning, and general administrative service.

All funds of the City of Raymondville, over which the city has oversight responsibility, are included in the annual financial report.

Reporting Entity - The Board of Commissioners (the “Board”), is elected by the public and has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the City is a financial reporting entity as defined by the Governmental Accounting Standards Board (“GASB”) in its Statements 14, “The Financial Reporting Entity”. The Economic Development Corporation of Raymondville is included as a blended component unit within the reporting entity. It is reported as a major fund.

GASB concluded that the basic criteria for including an agency, institution, authority, or other organization in a governmental unit reporting entity is the exercise of oversight responsibility over such agencies by the governmental unit’s elected officials. Oversight responsibility is defined to include, but it not limited to:

- *Financial Interdependency* – When a separate agency produces a financial benefit for or imposes a financial burden on a unit of government, that agency is part of the reporting entity. Manifestation of financial interdependency includes responsibility for financing deficits, entitlements to surpluses, and guarantees of, or “moral responsibility” for, debt.
- *Selection of Governing Authority* – An authoritative appointment is one where the entity’s chief elected official maintains a significant continuing relationship with the appointed officials with respect to carrying out important public functions.
- *Designation of Management* – When management is appointed by and held accountable to a governing authority that is included in the entity, the activity being managed falls within the entity.
- *Ability significantly to influence operations* – This ability includes, but is not limited to, the authority to review and approve budgetary requests, adjustments, and amendments.
- *Accountability for Fiscal Matters* – Fiscal authority normally includes the authority for final approval over budgetary appropriations, responsibility for funding deficits and operating deficiencies, disposals or surplus funds, control over the collection and disbursement of funds, and maintenance of title to assets.

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)**

There may be, however, factors other than oversight that are so significant that exclusion of a particular agency from a reporting entity's financial statements would be misleading. These other factors include:

- *Scope of Public Service* – Aspects to be considered include who the activity benefits and whether it is conducted within the entity's geographic boundaries and generally available to its citizens.
- *Special Financing Relationship* – Such a relationship may have been created to benefit the entity by providing for the issuance of debt on behalf of the entity.

The following local agencies are not part of the city's reporting entity because the city takes no financial responsibility for them, elected officials of the city do not select their governing authority, the management of the agency is designated independently of the city, the city is not in a position to influence operations and there is no accountability for fiscal matter.

*Raymondville Independent School District  
Willacy County Drainage District #2  
Willacy County Hospital District  
Willacy County Emergency Services District  
Willacy County Navigation District*

Based on these criteria, the various funds and account groups (being all the fund types and account groups of the City) shown in the Table of Contents are included in this report.

The accounting policies of the City of Raymondville, Texas conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies:

**1. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e. the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of inter-fund activities has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function, or segment, are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, sue, or directly benefit from goods, services, or privileges provided

CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)**

by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

**2. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Ad valorem taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, compensated absences are recorded only when payment is due.

Those revenues susceptible to accrual are property tax, sales taxes, franchise tax, special assessments, interest revenues and charges for services. Sales taxes collected and held by the intermediary collecting governments at year end on behalf of the City also are recognized as revenues. Fines permits and parking meter revenues are not susceptible to accrual because generally they are not measurable until received in cash.

The City reports the following fund types and related major governmental funds:

*General Fund* – The General Fund is used to account for financial resources used for general operations. It is the basic fund of the City and covers all activities. Any fund balances are considered resources available for current operations.

*Economic Development Fund* – The Economic Development Fund is used to account for financial purposes used for economic development. Any fund balances are available for use in economic development for the City.

*Special Revenue Fund* – The Special Revenue Fund is used to account for revenues received and disbursements received from grants and seizures. Fund balances are only available for the purpose of the grants received.

*Capital Project Fund* – The Capital Project Fund is used to account for bond proceeds

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)**

issued for the police department, park improvements, street improvements and the expenditures of those projects. Fund balances are available for improvements.

*Interest and Sinking Fund* – The Interest and Sinking Fund is used to account to make bond payments. Fund balances are available for bond interest and principal payments.

***Proprietary Fund***

All proprietary funds are accounted for using the accrual basis of accounting.

*Enterprise Fund* – The enterprise Fund is used to account for the operations of the water and sewer fund that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing good or services to the general public on a continuing basis be financed or recovered primarily through user charged.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

CITY OF RAYMONDVILLE, TEXAS  
 NOTES TO THE FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED SEPTEMBER 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *(Continued)*

3. Reconciliation of Governmental Fund Balance Sheet to the Statement of Net Position

Total Fund Balances - Governmental Fund	\$ 5,776,351
Capital assets, long-term debt, net pension asset and the deferred outflows and the deferred inflows concerning the pension plan used in governmental activities are not financial resources and therefore are not reported in governmental funds. The net effect of including the beginning balances of capital assets (net of depreciation), long-term debt and the pension plan is to increase net position.	6,791,211
Current year capital outlays, long-term debt payments are revenues and expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the statement of net position. The net effect of including the 2025 capital outlay, and debt payments is to increase net position.	2,061,471
The 2025 depreciation expense increase accumulated depreciation. The net effect of the current year's depreciation is to decrease net position.	(829,306)
Other reclassifications are necessary to convert from modified accrual basis of accounting to accrual basis of accounting. These include recognizing unearned revenues as revenue for the current ad valorem tax, adjusting prior year's delinquent ad valorem taxes from unearned revenues to beginning net position. The net effect of these reclassifications is to increase net position.	697,725
The net position asset and the deferred outflows and the deferred inflows concerning the pension plan are not financial resources and therefore are not reported in governmental funds. The net effect is to increase net position.	<u>123,987</u>
Net Position of Governmental Activities	<u><u>\$ 14,621,438</u></u>

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)**

**4. Reconciliation of the Governmental Statement of Revenues, Expenditures, and Changes in Fund Balances to the Statement of Activities**

Total Net Changes in Fund Balances - Governmental Funds	\$ (378,778)
---	--------------

Current year capital outlays, and long-term debt payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the governmental-wide financial statements. The net effect of removing the 2025 capital outlays and debt payments, is to increase net position.

	2,061,471
--	-----------

Depreciation and amortization are not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation and amortization is to decrease net position.

	(829,306)
--	-----------

Other reclassifications are necessary to convert from the modified accrual basis of accounting to the accrual basis of accounting. This includes adjusting current year revenue to show the revenue earned from this year's ad valorem tax collections. The net effect of these reclassifications is to decrease net position.

	-
--	---

Pension income (expense) is not recognized as expenditure in the Governmental funds since it does not require the use of current financial resources. The net effect of the current year's pension income (expense) is to increase net position.

	<u>123,987</u>
--	----------------

Change in Net Position of Governmental Activities	<u><u>\$ 977,373</u></u>
---	--------------------------

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)**

**5. Fixed Assets**

Capital assets, which include property, plant and equipment are reported in the applicable governmental or column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year.

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated.

Depreciation of general capital assets used by funds categorized as governmental activities is not provided in the fund financial statements, however, is included in the gross expense by function in the government-wide Statement of Activities. Capital assets, net of accumulated depreciations, are reported on the governmental activities and column of government-wide Statement of Net Assets. Depreciation has been provided over the estimated useful lives using the straight-line method.

The term of the lease must be the non-cancelable period during which the City has the right to use the tangible assets of another entity plus any periods in which either the lessee or the lessor has the sole option to extend the lease if it is reasonably certain the option will be exercised plus any period in which either the lessee or the lessor has the sole option to terminate the lease if it is reasonably certain the option will not be exercised by that party and must not meet the definition of a short-term lease under GASB 87.

The estimate useful lives are as follows:

Buildings	30 - 40 years
Plant and improvements	30 - 40 years
Equipment	7 - 15 years

**6. Budgets and Budgetary Accounting**

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to August 1, the City Secretary-Treasurer submits to the City Commission a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally enacted through passage of ordinance.
4. The City Secretary-Director of Finance is authorized to change spending of budgeted

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)**

amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund except for the enterprise fund must be approved by the City Commission.

5. Formal budgetary integration is employed as a management control device during the year for the General Fund and Enterprise Fund. Formal budgetary integration is not employed for the Capital Project Funds because effective budget control is alternatively achieved through contracts.
6. Budgets for the General Fund are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgets for the General Fund and Enterprise Fund lapse at year end.
7. Budgeted amounts are as originally adopted, or as amended by the City Commission. The City is bound by total appropriations for Revenue Funds and not by individual line or department expenditure. The City is not legally bound by the enterprise budget, it is used as a management tool.

**7. Encumbrance**

Encumbrance accounting, under which purchase orders, unperformed contracts, and other commitments for the expenditure or monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration to facilitate planning and control. Encumbrances outstanding at year end are reported as reservations of fund balance since they do not constitute expenditures or liabilities.

There were no encumbrances at September 30, 2025.

**8. Investments**

Investments are authorized in governmental securities, in financial institutions with governmental securities pledged, or in investments in mutual fund pools investing in governmental securities. Investments are stated at cost. Investments are all short-term certificates of deposit with a FDIC Insured Bank or with TexPool, an investment service for public funds. Demand deposits and certificates of deposit are either covered adequately by FDIC insurance or by securities pledged by the First Community Bank at year end. The City holds safekeeping certificates which list securities that are pledged to the City. Funds invested at TexPool are not covered by FDIC insurance and there is no collateral pledged to the City.

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)**

**9. Inventory**

There are no inventories on hand.

**10. Accumulated Paid Vacation, Sick Pay, and Other Employee Benefit Amounts**

Accumulated unpaid vacation, sick pay, and other employee benefit amounts are not accrued. Vacations are taken annually and sick pay is allowed for 1 day per month of service up to 60 days. Sick leave is paid only for days actually sick. This required a doctor's excuse and approval of the department head. Unused sick leave expires upon termination. The City feels accrual of employee benefits is not material.

**11. Cash and Cash Equivalents**

Cash and cash equivalent include cash on hand, in bank checking accounts, savings accounts, bank certificates of deposit maturing 90 days after September 30.

**12. Comparative Data**

Comparative (i.e. presentation of prior year totals by fund type) data have not been presented in the basic financial statements since their inclusion would make the statements unduly complex and difficult to read.

**13. Fund Balance Policies**

The city has classified its fund balances in the following classifications:

Nonspendable	
Restricted	\$ 590,000
Committed	
Unassigned	\$ 5,186,350

The Board of Commissioners is the City's decision-making authority for both committing and restricting fund balances.

The Board of Commissioners must by formal board action establish, modify, or rescind a fund balance commitment.

When the City incurs an expense for which it may use either restricted or unassigned assets, it uses the restricted assets first unless unassigned assets will have to be returned because they were not used.

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)**

**14. Pension Benefit Plan**

Pensions. For purposes of measuring the net pension liability/asset, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the Fiduciary Net Position of the Texas Municipal Retirement System (TMRS) and additions to deductions from TMRS's Fiduciary Net Position have been determined on the same basis as they are reported by TCDRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**15. Prepaid Expenses**

Prepaid assets are assets that arise on a balance sheet as a result of the City making payments for goods and services to be received in the near future. While prepaid expenses are initially recorded as assets, their value is expended over time as the benefit is received into the income statement, because unlike conventional expenses, the City will receive something of value in the near future.

**16. Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

**17. Deferred Outflows and Deferred Inflows of Resources**

Deferred outflows of resources represent a consumption of net assets applicable to future reporting period, while deferred inflows of resources represent an acquisition of net assets applicable to future reporting period. These items are reported separately from assets and liabilities in accordance with GASB.

**NOTE B – DEPOSITS AND INVESTMENTS**

*Legal and Contractual Provisions Governing Deposits and Investments*

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports, and establishment of appropriate policies. Among other things, it requires a governmental entity to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principle and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7)

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE B – DEPOSITS AND INVESTMENTS – (Continued)**

maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the entity to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit; (3) certain municipal securities; (4) money market savings accounts, (5) repurchase agreements, (6) bankers' acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the entity to have independent auditors perform test procedures related to investment practices as provided by the Act. The City is in substantial compliance with the requirements of the Act and with local policies.

*Policies Governing Deposits and Investments*

In compliance with the Public Funds Investment Act, the City had adopted a deposit and investment policy. That policy addresses the following risks:

- *Custodial Credit Risk – Deposits:* In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. Deposits were with the contracted depository bank in interest bearing accounts. Deposits consisted of cash and cash equivalents. The City has deposited \$285,706 with TexPool, an investment service public funds. Funds invested with TexPool are not covered by FDIC insurance and there is no collateral pledged to the City.

This City is not exposed to Custodial Risk for its deposits held in its depository bank as all were either insured or collateralized with securities held by the City's agent in the City's name at September 30, 2025. These deposits were secured by \$250,000 in FDIC coverage on the demand accounts, and in securities held by the First Community Bank. The City is not exposed to Custodial Credit Risk for its deposits as all were either insured or collateralized with securities held by the City's agent in the City's name at September 30, 2025.

- *Custodial Credit Risk – Investments:* For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City had no investments at September 30, 2025, exposed to Custodial Credit Risk.
- *Interest Rate Risk:* Investment strategies have as the primary objective of investment liquidity. As a means of minimizing risk of loss due to interest rate fluctuations, certificates of deposit do not have a stated final maturity date which exceed 180 days.

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE C – PROPERTY TAX**

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and are due February 1, penalties are assessed after that date. Willacy County Tax Collector bills and collects the City’s property taxes.

Estimated uncollectible taxes – The provision of 10% of taxes receivable is established on a basis of a responsible estimate of uncollectability.

The taxes are for the year January 1, 2024, through December 31, 2024, but the taxes are not levied until October 2024. The City does not consider property taxes as available if they are collected within 60 days after year-end because the amount is not significant. Total unavailable ad valorem taxes for property tax was \$697,725 and \$683,352 for fiscal year September 30, 2025, and fiscal year September 30, 2024 respectively.

**NOTE D – DEFERRED INFLOWS OF RESOURCES**

Deferred inflows of resources at September 30, 2025, consisted of the following:

	<u>General Fund</u>
Unavailable advalorem taxes	\$ 697,725
Total	<u>\$ 697,725</u>

**NOTE E – INTERFUND RECEIVABLE AND PAYABLE BALANCES**

	<u>\$10,905,373</u>	<u>\$ 1,472,117</u>	<u>\$ 12,377,490</u>

The City accounts for short-term loans through the appropriate fund.

At September 30, 2025, there were no short-term loans payable.

**NOTE H – SUPPLEMENTAL DEATH BENEFIT FUND**

The City participates in the cost sharing multiple-employer defined benefit group-term life insurance plan operated by the Texas Municipal Retirement System (TMRS) known as the Supplemental Death Benefits Fund (SDBF). The City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

The death benefit for active employees provides a lump-sum payment approximately equal to the employee’s annual salary (calculated based on the employee’s actual earnings, for the 12-month period preceding the month of death); retired employees are insured for \$7,500; this coverage is an “other postemployment benefit”, or OPEB.

The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to pre-fund retiree term life insurance during employees’ entire careers.

**CITY OF RAYMONDVILLE, TEXAS  
 NOTES TO THE FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE H – SUPPLEMENTAL DEATH BENEFIT FUND – (Continued)**

As of December 31, 2024, the following employees were covered by the benefits terms:

Inactive employees or beneficiaries currently receiving benefits	36
Inactive employees entitled to but not yet receiving benefits	10
Active employees	65
	111

Schedule of Contribution Rates  
 (Retiree-Only Portion of the Rate for OPEB)

Plan/Calendar Year	Total SDB Contribution (Rate)	Retiree Portion of SDB Contribution (Rate)
2025	0.42%	0.26%
2024	0.44%	0.25%
2023	0.40%	0.22%
2022	0.37%	0.29%
2021	0.47%	0.38%

GASB 75 required employers to recognize the total OPEB liability and the OPEB expense on their financial statements. The OPEB expense recognized each fiscal year is equal to the change in the total OPEB liability from the beginning of the year to the end of the year, adjusted for deferred recognition of certain changes in the liability. An irrevocable trust has not been established that meets the criteria of GASB Statements No. 75. Therefore, the plan is not accounted for as a trust fund. The plan does not issue a separate financial report.

The benefits levels and contribution rate are approved annually by the city management and the Commission as part of the budget process. By the City not contributing anything toward this plan in advance, the City employs a pay-as-you-go method through ensuring the annual retiree contribution are equal to the benefits that are paid on behalf of the retirees. OPEB expenses as actuarially determined for the city was \$5,245.

**CITY OF RAYMONDVILLE, TEXAS  
 NOTES TO THE FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE H – SUPPLEMENTAL DEATH BENEFIT FUND – (Continued)**

*Actuarial Methods and Assumptions*

Significant methods and assumptions used in the December 31, 2024, actuarial valuation are as follows:

Inflation	2.50%
Salary increases	3.60% to 11.85% including inflation
Discount rate*	4.08%
Retirees' share of benefit-related costs	\$0
Administrative expenses	All administrative expenses are paid through the Pension Trust and accounted for under reporting requirements of GASB Statement No. 68.
Mortality rates – service retirees	2019 Municipal Retirees of Texas Mortality Tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence).
Mortality rates – disabled retirees	2019 Municipal Retirees of Texas Mortality Tables with a 4 year set-forward for males and a 3 year set-forward for females. In addition, a 3.5% and 3% minimum mortality rate will be applied to reflect the impairment for younger members who become disabled for males and females, respectively. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence) to account for future mortality improvements subject to the floor.

\*The discount rate was based on the Bond Buyer "20-Bond GO Index" rate closest to, but not later than December 31, 2024.

Note: The actuarial assumptions used in the December 31, 2024 valuation were based on the results of an actuarial experience study for the period ending December 31, 2022.

These assumptions are estimated of future experience with respect to rates of mortality, disability, turnover, retirement, rate or rates of investment income and compensation increases. Actuarial assumptions are generally based on past experience, often modified for projected changes in conditions. Economic assumptions (compensation increases, payroll growth, inflation and investment return) consist of an underlying real rate of return plus an assumption for a long-term average rate of inflation. The actuarial valuation report determines, as of the actuarial valuation date, the service cost, total OPEB liability, and related actuarial present value of projected benefits.

***Total OPEB Liability***

The total OPEB liability of \$209,762 (City) was measured as of December 31, 2024, and was determined by an actuarial valuation as of the date.

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE H – SUPPLEMENTAL DEATH BENEFIT FUND – (Continued)**

The total OPEB liability and related information are as follows for the City as December 31, 2024:

**Changes in the Total OPEB Liability**

Total OPEB Liability – beginning of year	\$	212,797
Changes for the year		
Service Cost		10,317
Interest on Total OPEB Liability		8,089
Changes of benefit terms including TMRS plan participation		0
Differences between expected and actual experience		(4,828)
Changes in assumptions or other inputs		(9,825)
Benefit payments **		(6,788)

2029	0
Thereafter	0
<b>Total</b>	<b>\$ (47,067)</b>

***Sensitivity of the Total OPEB Liability to Changes in the Discount Rate***

The following presents the total OPEB Liability of the City, calculated using the discount rate of 4.08% as well as what the City’s total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower 3.08% or 1-percentage-point higher 5.08% than the current discount rate:

	1% Decrease 3.08%	Current Discount Rate 4.08%	1% Increase 5.08%
<b>Total OPEB liability</b>	<b>\$243,995</b>	<b>\$209,762</b>	<b>\$182,185</b>

**NOTE I – PENSION BENEFIT PLAN**

***Summary of Significant Accounting Policies***

*Pensions.* For purposes of measuring the net pension liability/asset, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the Fiduciary Net Position of the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS’s Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE I – PENSION BENEFIT PLAN – (Continued)**

*Defined Benefit Pension Plans*

**1. Plan Description**

The City of Raymondville participates as one of 860 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas, TMRS's defined benefit pension plan is a tax-qualified plan under Section 401(a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at [www.tmr.com](http://www.tmr.com).

All eligible employees of the city are required to participate in TMRS.

**2. Benefits Provided**

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the city, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payments options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

*Employees covered by benefit terms.*

At the December 31, 2022 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	52
Inactive employees entitled to but not yet receiving benefits	50
Active employees	65
	<hr/> 167

**3. Contributions**

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employees gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE I – PENSION BENEFIT PLAN – (Continued)**

each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City of Raymondville were required to contribute 7.00% of their annual gross earnings during the fiscal year. The contribution rates for the City of Raymondville were 1.99% and 1.24% in calendar year 2024 and 2023, respectively. The city's contributions to TMRS for the year ended September 30, 2025, were \$50,252.

**4. Net Pension Liability**

The city's Net Pension Asset (NPA) was measured as of December 31, 2024, and the Total Pension Liability (TPL) used to calculate the Net Pension Asset was determined by an actuarial valuation as of that date.

*Actuarial Assumptions*

The Total Pension Liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions:

<b>Inflation</b>	<b>2.50% per year</b>
<b>Overall payroll growth</b>	<b>3.60% to 11.85% including inflation</b>
<b>Investment Rate of Return</b>	<b>6.75%</b>

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Table, with male rates multiplied by 103% and female rate multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence) to account for future mortality improvements. Based on the size of the city, rates are multiplied by an additional factor of 100%.

Actuarial assumptions used in the December 31, 2024 valuation were based on the results of actuarial experience studies. The experience study in TMRS was for the period January 1, 2010, through December 31, 2014, first used in the December 31, 2015, valuation. Healthy post-retirement mortality rates and annuity purchase rates were updated based on Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. These assumptions were first used in the December 31, 2013, valuation, along with a change to the Entry Age Normal (EAN) actuarial cost method. Assumptions are reviewed annually. No additional changes were made for the 2015 valuation.

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE I – PENSION BENEFIT PLAN – (Continued)**

The long-term expected rate of return on pension plan investments is 6.75%. The pension plan’s policy in regard to the allocation of invested assets is established and may be amended by the TMRS Board of Trustees. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

*Discount Rate*

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the pension plan’s Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the Total Pension Liability.

<b>Changes in the Net Pension Liability</b>	<b>Total Pension Liability</b>	<b>Increase (Decrease) Plan Fiduciary Net Position</b>	<b>Net Pension Liability</b>

*Pension Plan Fiduciary Net Position*

Detailed information about the pension plan's Fiduciary Net Position is available in a separately issued TMRS financial report. That report may be obtained on the internet at [www.tmr.com](http://www.tmr.com).

**5. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

For the ended September 30, 2025, the city recognized pension income of \$133,247.

At September 30, 2025, the city reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Change in assumptions	\$ -	\$ 47,204
Differences between expected and actual experience	-	166,974
Difference between projected and actual earnings	-	102,644
Contributions subsequent to the measurement date	35,452	-
<b>Total</b>	<b>\$ 35,453</b>	<b>\$ 316,821</b>

\$35,452 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2026. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

**CITY OF RAYMONDVILLE, TEXAS  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**NOTE I – PENSION BENEFIT PLAN – (Continued)**

Deferred Outflows and Deferred Inflows of resources by year to be recognized in future pension expense as follows:

	<b>Net Deferred Outflows/ (Inflows) of Resources</b>
2025	(107,865)
2026	55,780
2027	(184,934)
2028	(79,983)
2029	-
Thereafter	-
<b>Total</b>	<b>\$ (317,002)</b>

**NOTE J – PRIOR PERIOD ADJUSTMENT**

The City had to record a prior period adjustment to adjust the beginning balances. The prior period adjustment is as follows:

	<b>2025</b>
Governmental Activities	\$ (90,032)
Business-Type Activities	98,383
Total prior period adjustment	<b>\$ 8,351</b>

**NOTE K – SUBSEQUENT EVENTS**

Subsequent events have been evaluated through February 23, 2026, which is the date the financial statements were available to be issued. Events occurring after that date have not been evaluated to determine whether a change in the financial statements would be required.

Contributions as a percentage of covered employee payroll	2.04%	1.69%	1.78%	2.18%	1.00%	1.47%	1.78%

**NOTES TO SCHEDULE**

Valuation Date: Actuarially determined contribution rates are calculated each December 31, and become effective in January, 13 months later.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method: Entry Age (level percentage of pay)

Amortization Method: Level percentage of payroll, closed

Remaining Amortization Period: N/A

Asset Valuation Method: 10 years smoothed market; 12% soft corridor

Inflation: 2.5%

Salary Increases: 3.60% to 11.85% including inflation

Investment Rate of Return: 6.75%

Retirement Age: Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2023 valuation pursuant to an experience study of the period ending 2022.

Mortality: Post-retirement: 2019 Municipal Retirees of Texas Mortality Tables  
The rates are projected on a fully generational basis with scale MP-2021.  
Pre-retirement: PUM(10) mortality tables, with the Public Safety table used for males and the General Employee table used for females.  
The rates are projected on a fully generational basis with scale MP-2021.

Other Information: There were no benefit changes during the year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS*

**Independent Auditor's Report**

Honorable Gilbert Gonzales, Major  
Members of the Board of Commissioners  
City of Raymondville, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Raymondville, Texas, as of and for the year ended September 30, 2025 and the related notes to the financial statements, which collectively comprise the City of Raymondville, Texas's basic financial statements and have issued our report thereon dated February 23, 2026.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Raymondville, Texas's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness the City of Raymondville, Texas' internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Raymondville, Texas' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any

deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Raymondville, Texas' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE

Honorable Gilbert Gonzales, Major  
Members of the Board of Commissioners  
City of Raymondville, Texas

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the City of Raymondville, Texas' compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City of Raymondville, Texas' major federal programs for the year ended September 30, 2025. The City of Raymondville, Texas' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of Raymondville, Texas complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2025.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City of Raymondville, Texas and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City of Raymondville, Texas's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of

laws, statutes, regulations, rules, provisions of contracts or grant agreements applicable to the City of Raymondville, Texas' federal programs.

### *Auditor's Responsibilities for the Audit of Compliance*

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of Raymondville, Texas' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City of Raymondville, Texas's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City of Raymondville, Texas' compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City of Raymondville, Texas' internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City of Raymondville, Texas' internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we considered to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The accompanying notes are an integral part of this schedule

**CITY OF RAYMONDVILLE, TEXAS**  
**NOTES ON ACCOUNTING POLICIES FOR FEDERAL AWARDS**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2025**

**Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the City of Raymondville, Texas. The information in the schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principle, and Audit Requirement for Federal Awards ("Uniform Guidance"). Therefore, some amounts may differ from amounts presented in, or used in, the preparation of the basic financial statements.

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. These expenditures are recognized according to the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

**Indirect Cost Rate**

The city has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Sub-Recipients**

During the fiscal year ended September 30, 2025, the city did not have any sub-recipients.

**Federal Funded Insurance**

During the fiscal year ended September 30, 2025, the city had no outstanding federal funded insurance.

**Noncash Awards**

During the fiscal year ended September 30, 2025, the city had no outstanding noncash awards.
